

# RENTALS FOR REFUGEES

1.

## Looking for renters?

Refugee newcomers from around the world and displaced Ukrainians are looking for housing. Providing a first home in Canada for these individuals and families is a great way to support newcomers and find suitable tenants.

2.

## How can you support refugees?

Are you a homeowner looking to rent your property? Many newcomers are seeking affordable housing, especially with room for large families, access to transit routes and accessible spaces.

3.

## How can you and your network support refugees?

Continue the conversation with your friends, family, members and networks about the need for affordable and adequate housing for refugees. Advocate for the removal of barriers to tenancy for refugees (employment references, credit checks, etc.).

4.

## Collaborate with us!

Want to learn more about renting to refugees or how you can best support newcomers with housing? Reach out to the Cariboo North RRT team members. We would love to connect with you!
