Language Instruction for Newcomers to Canada (LINC)

Learn English today!

Learning English is an important part of building your new life in Canada.

LINC is a free program that provides English language training to improve your reading, writing, listening and speaking! While learning English, you will also learn about Canadian society, gain important computer skills and connect to services in your community. Your children (18 months to five years) can take part in an early childhood education program while you are in morning classes!
